Updates

May 2023

Defended my PhD titled 'Implicit Design Choices and Their Impact on Emotion Recognition Model Development and Evaluation'

May 2022

I was selected as one of the 8 [Barbour fellows](#) for 2022-2023 across all of UMich

Nov 2021

Defended my PhD proposal titled 'Implicit Design Choices and Their Impact on Emotion Recognition Model Development and Evaluation'

Oct 2021

I will be presenting our work on sociolinguistic inspired privacy evaluation at text as data (TADA) conference 2021, UMich, Ann Arbor.

Sep 2021

I am interning this Fall in Allen AI with Ana Marasović in the area of evaluation and interpretability.

May 2021

Excited to be interning in the FAIR NLP group this summer and looking forward to work at the intersection of Linguistics and ML.

Sep 2020

I have been chosen as the student representative for Faculty Hiring at my university for the 2020-21 season. Looking forward to knowing and communicating the 'usually hidden' processes.

May 2020

Excited to be interning in the Conversation AI group at Facebook AI working on automated dialogue evaluation.

Dec 2019

I'll be attending NeurIPS. Shoot me an email if you want to meet and talk about anything!

Jan 2019

I'll be a teaching assistant for the course on Applied Machine Learning for Affective Computing with my advisor. So excited to be teaching for the first time!
